Art. 110 (Art. 39 Cod. Str.) - Segnale di dare precedenza nei sensi unici alternati.

3. Nelle strettoie con il senso unico alternato ed i cui imbocchi non sono visibili uno dall'altro o che distino più di 50 m, si deve porre in opera un impianto semaforico funzionante per l'intera giornata. Qualora le condizioni del traffico lo richiedano, ovvero quando il senso unico alternato sia attivato per un tempo determinato, in luogo del semaforo può essere disposto un servizio di segnalamento manuale mediante personale a ciò delegato dell'ente proprietario della strada.
